

KEES Employment Engineering Solutions Private Limited

UIBIL is India's first and only employee related information company with a large employee data base.

UIBIL is a web based brand formed to provide most creditable information about a human being within India and abroad. The company makes available statistics, analysis & report about employment history of an individual. UIBIL point and rating based system assist job provider to put quick faith on the job seeker's curriculum vitae.

KEES® Assessment for JobWorthy®

JobWorthy® is a platform that refers to how well an employee is suited for his or her position. Hiring quality employees is a great way for an organization to improve employee retention rate. There are many factors that can influence JobWorthy®, or job suitability

Employment Engineering

Employment Engineering is the process through which we conduct personality tests and check the previous employment record, social, economical and emotional background of the candidate which can be effectively used to assess a wide range of personality traits of the person.
